## EDUCATION

### GOVERNMENT COLLEGE OF ENGINEERING AND CERAMIC TECHNOLOGY

Bachelor of Technology in Information Technology

Kolkata

2021-25 CGPA 9.49/10.00

## WORK EXPERIENCE

### ENTRY LEVEL ASSOCIATE:WEB AT CODECLOUDS

March 2025- Present

- Part of the custom team building and maintaining web applications for client projects .
- Assisted in creating responsive,role based access controlled components using **Ant design pro**,a react framework
- Maintaining and enhancing backend using **NestJS** and **MongoDB**, creating schemas with Mongoose and implementing role-based controllers and providers for structured feature development and access control .
- Conducted basic testing and debugging to ensure proper functioning.
- Maintained version control using Git and **GitHub**.

### FRONT END INTERN AT CODECLOUDS

Aug 2024-Feb 2025

- Contributed in building Company's **Internal Web Application** that will cut down company's annual **subscription cost** using third party software.
- Built dynamic and user-friendly pages using **React.js** and **Bootstrap**, ensuring the application is fully responsive across multiple devices and screen sizes.
- Integrated backend APIs into the application, ensuring smooth data exchange between the frontend and backend and implemented **Redux** for efficient state management, streamlining data flow .
- Additional -Understood **shopify** and **liquid** template language and created basic e-commerce store .Went through the workflow of headless storefronts using **shopify hydrogen** and **GraphQL** storefront and admin API's

## SKILLS

### Technical Skills:

**Frontend** : Reactjs, HTML, CSS ,BootStrap, Tailwind.css ,Javascript, Figma, Shopify, Liquid, Hydrogen

**Backend** : Node.js, NestJs, Express.js, Ejs, REST API, Axios ; **Database** : MongoDB, Postgres

**Programming Languages**: C++,Java

**Core Subjects**: Computer Networks, DBMS, OS

## PROJECTS

### LEARNZ (Frontend)

- LearnZ is an online learning management system created using React.js.Consists of an admin panel where educators can add their courses, see how many students are enrolled for the course.
- Used **react -redux** for state management,clerk for user authentication and other packages
- Tech stacks-React.js,React-redux,Tailwind.css
- <https://learn-z.vercel.app/>

### CONNECT

- Connect is a real time chat application, users can also see which other friends are online to chat with
- Used **socket.io** for creating web sockets,prisma for handling databases
- Tech stacks-React.js,TypeScript,Prisma,Socket.io
- <https://connect-xud7.onrender.com/login>

## COMPETITIVE PROGRAMMING

- Solved **400+** problems across various coding platforms like LeetCode,Code360 and GeekforGeeks. LeetCode profile-<https://leetcode.com/u/Apratim07/>
- **3 star** at GeekforGeeks platform .Current rating **1639** (best rank - 295 )  
profile-<https://www.geeksforgeeks.org/user/apratimraha23/>
- Participated in coding contests in Code360 with highest contest rating of **1912** (best rank-116/916)
